Unclassified

To whom it may concern;

After speaking with members of the Executive Office of the Premier, members from the Vancouver Police Department High Command and reviewing the work that has been done by the individual, I have decided to nominate the following individual to serve as the next Chief Constable for the Vancouver Police Department

This individual has done a lot of work for the department and shows his commitment on a regular basis, having seen the individuals leadership capabilities, I feel like the individual will be fit for the position of Chief Constable
